

ECONOMY

Congressman Moore continues to work for a strong economic future for America.

Legislative Accomplishments

Representative Moore is dedicated to strengthening America's economy.

- Supported the **American Recovery and Reinvestment Act**, which was signed into law on February 17, 2009, creating or saving 9,100 jobs in the Third District and 33,000 jobs in Kansas.
- Fought to **protect KS aviation companies** from overly burdensome rules that would significantly reduce their business opportunities.

Current Agenda

Congressman Moore has the following economic items on his legislative agenda:

- Ensuring that economic recovery funds approved by Congress are used efficiently and effectively through aggressive oversight in his role as **Chairman of the House Financial Services Subcommittee on Oversight and Investigations**.
- Promoting H.R. 384, the TARP Reform and Accountability Act, which will **limit waste, fraud and abuse** of American taxpayers' money.
- Working with other members of Small Business Committee to **reauthorize Small Business Administration programs** so that small businesses will have access to capital and the other support they need to expand and continue providing quality jobs.

President Obama

Congressman Moore will be working with the Obama Administration on the following economic issues:

- Monitoring progress of the **American Recovery and Reinvestment Act**.
- Rewriting the **rules for the financial services industry** to restore consumer and investor confidence.
- Continue to advocate for **statutory PAYGO** and **honest budgeting practices**, both of which are Blue Dog principles that President Obama strongly supports.
